16th September 2021

Dear Maple class parents.

I'm writing to amend my previous termly letter regarding the homework that I stated would be set on Google Classroom. With the introduction of the ASPIRE homework policy, sent out last week, I will therefore be amending this to the homework menu being sent out via a homework book to ensure consistency for all pupils. Following the ASPIRE policy:

“All aspire class teachers will be sending out their first home work menu in the week beginning Monday 27th September and pupils in years 1-6 are required to complete at least three tasks in their homework book by Monday 18th October. Homework books will be sent home with the menu”

Therefore, all Maple children will have their homework menu in their book and sent out Monday the 27th September. As I have already started our weekly times table tests, these will be continued to further support the children. All children will also have a reading book by the end of next week and these will be changed when they are returned.

Apologies for any confusion caused by the amendment.

Thank you
Mrs Hart
