September 2021

Dear Parents and Carers

Welcome back!

This term we will be studying the Mayans in History and linking out Art, Music and Design Technology to this topic.

Any homework completed on the Mayans will be displayed on the board in the classroom.

Science is all about changing states and properties of materials.

Place value and the 4 operations (+, -, x and divide) will be the focus of our numeracy lessons.

P.E. will be on Monday and Thursday, so please come to school wearing activewear or a P.E kit. We will be doing Yoga/Pilates and Athletics this term.

PSHE will be about health and relationships.

Homework, this term will be set on a Monday and will consist of 20 spellings (some children might have fewer) and some arithmetic linked to learning in class. The spelling test will take place the following Monday.

Thank you for all your ongoing support...

Kind regards

Mrs Phillips, Miss Spain, Mrs Maclaurin and Mrs Groves
