January 2022

Dear Maple Class parents,

Welcome to Term 3 in Maple Class. This term we will be focussing on the Great Fire of London. This is sure to be a lot of fun. Our Science this term is 'Living things and their habitats. We'll be learning about a range of habitats and the different animals that live in each. We'll be making Tudor houses in our art lessons. I'm sure these will be very creative and a lot of fun to make.

In Maths, Year 2's are working on multiplication and extending our work on place value to 50 for Year 1's. We then learn about division and also about length and height. We will continue our RWI programme during English lessons and will focus on practicing the sounds we need to improve reading and writing.

Our P.E units this term are 'Outdoor and adventurous' and gymnastics.

In PSHCE our focus will be on the jobs that people do and it might be helpful if you discuss some of these with your child.

We will be learning some coding in our computing lessons and we'll be using scratch junior to help us.

The new homework grid is attached. As before, please bring in all completed homework on a Friday.

We are looking forward to a really busy but very enjoyable term.

Mrs Hart, Mrs McNama, Mrs Miller and Mrs Gamble.
