

Wednesday 18th May 2022

Dear parents of year 6 pupils,

I am writing with this week's transition tip for our year 6 pupils, time seems to be flying by and soon they will be in their last term at primary school. This week's tip is about the journey to school, this can be daunting particularly for those who will be using public buses to travel into Maidstone or Ashford. The more they can practise the calmer they and you will feel about their journey.

Family Transition Tip 8

You may be able to use this week to practise the journey to school. Could your son/daughter achieve this independently/with a friend?

Can they remember their journey previously discussed in week 2? Continue to be positive and encouraging – your son/daughter may have had a visit/meeting with someone from their secondary school? Hopefully this will have been a positive experience for them!

Please contact your child's class teacher if you have any queries or concerns regarding transition.

Kind regards,

Emma Hickling
