3rd June 2024

Dear Parents/ Carers,

I hope this letter finds you in good health and high spirits. As we enter Term 6, I am excited to share with you the exciting topics and activities that we have planned for the coming weeks. It promises to be a term filled with learning, fun, and lots of memorable experiences for our students - so please keep an eye on the school newsletter for important dates!

Science – Plants: Maple class will delve into the fascinating world of plants, learning to identify plants by their flowers and/or leaves, as well as exploring their life cycles.

History – Leeds Castle: A highlight of this term will be our exploration of Leeds Castle, delving into its rich history and significance in shaping the local area and beyond. This includes a trip to the castle in early July.

Music – Pitch: Students will have the opportunity to develop their musical skills and understanding of pitch, engaging in practical activities to enhance their appreciation of sound and music.

Life Skills – Recap and Transition: This term, we will focus on consolidating key life skills learned throughout the year, preparing our students for their transition to the next academic year.

Computing – Digital Photography: Through the lens of digital photography, students will explore the creative possibilities of technology, enhancing their digital literacy skills in a practical and engaging manner.

UBWV – Judaism vs Christianity: Our students will engage in a comparative study of Judaism and Christianity, exploring the beliefs, practices, and traditions of these two religions. This topic will be supported by an exciting trip to a synagogue (for year 2s only), providing a real-world context for their learning.

Art – Painting: Creative expression will take centre stage as students experiment with different painting techniques, materials, and styles, nurturing their artistic talents and appreciation for visual arts.

PE – Infant Agility, Track and Field: Physical fitness and agility will be the focus of our PE sessions, with students engaging in a variety of activities to enhance their coordination, strength, and teamwork skills. The highlight of this term will be our Sports Day and the Aspire Olympics, where students will showcase their sporting prowess and team spirit.

I encourage you to support and engage with your child's learning at home by discussing these topics, encouraging curiosity, and exploring related activities and resources together. Your partnership is invaluable in enriching your child's educational journey and fostering a love for learning.

If you have any questions or would like further information about any of the topics or activities planned for Term 6, please do not hesitate to get in touch. Thank you for your continued support, and I look forward to a successful and enriching term ahead.

Warm regards,

Mrs Syred
