

Sutton Valence Gardeners Association

Rebel Farmer

Ed Kyrke-Smith

Rebel Farmer was set up to rebel against the normal practices of food consumptions by market gardener Ed Kyrke-Smith. The platform is used to promote and produce local seasonal food, ethically grown on a smaller scale and educate communities on growing techniques.

With a smaller, more localised consumer/producer relationship, the negative impact of farming, on the environment is reduced and a more robust food system is created.

Afternoon Talk

Sunday 23rd February @2.30pm

Sutton Valence Village Hall

Members: Don't forget your "flower of the month" for our competition

Non-members welcome (donation appreciated)
