

Dear Parents and Carers

Welcome to year 6.

Thank you for the homework coming in on our topic Brazil.

Brazil is the topic in Geography, Reading and Literacy. We will be using the Amazon rainforest this term to inspire a variety of poetry writing, like Haikus and Kennings. Our class book is a fact/fiction book called Race the Wild.

Numeracy lessons will be on place value and the 4 operations - add, subtract, multiply, divide.

Science topic is Light and will be taught in a 2 hour block every other week so the children can fully immerse themselves in their work - especially if carrying out investigations and experiments.

P.E will be taught on Monday and Tuesday - Gym and Invasion Games

Afternoon lessons: Music is all about rhythm and pitch.

Computing - Computing systems and networks

R.E. - Creation and Science

French - Basic sentences and phrases

Art - Typography and maps

Lifeskills is themed around families and relationships.

Thank you as ever for all your support.

Kind regards Mrs Phillips and Miss Spain
